Title I: Parents' Right-to-Know Notification

In USD 308, we are very proud of our teachers and feel they are ready for the coming school year and are prepared to give your child a high-quality education. Our Title I schools must meet federal rules related to teacher qualifications as defined in federal law. These rules allow you to learn more about your child's teachers' training and credentials. We are happy to provide this information to you. At any time, you may ask:

- Whether the teacher met state qualifications and certification requirements for the grade level and subject he/she is teaching,
- Whether the teacher received an emergency or conditional certificate through which state qualifications were waived, and
- What undergraduate or graduate degrees the teacher holds, including graduate certificates and additional degrees, and major(s) or area(s) of concentration.

All teachers in USD 308 Title I schools meet the above criteria. Each one is licensed for the grade levels and subject areas being taught. Each one has a baccalaureate degree and none are teaching under an emergency or provisional waiver. The paraprofessionals who work under the direction of the Title I and classroom teachers, meet required qualifications for the position.

Our staff is committed to helping your child develop the academic knowledge and critical thinking he/she needs to succeed in school and beyond. That commitment includes making sure that all of our teachers and paraprofessionals are highly skilled.

If you have any questions about your child's assignment to a teacher or paraprofessional, please contact your building principal by calling 620-615-4000 or contact Cindy Coopridier at 620-615-4000.

Information about whether the school or district is making adequate yearly progress is available at http://online.ksde.org/rcard/district.aspx?org_no=D0308.

You also may contact your child's school for information on your student's state assessment scores.
