

LINCOLN ELEMENTARY

Monthly Board Report - January 2019

KINDERGARTEN

Kindergarten celebrated Kansas Day! We learned about Kansas state symbols like the state flower; the sunflower. We also learned how to eat sunflower seeds. We are also working hard writing our capital letters, and in math we met the math symbol Gus the Plus!

FIRST GRADE

The Mystery Science material has first graders looking at shadows. We had fun using flashlights. We have explored the sun and stars. We liked finding star patterns. We used stars to help guide our way.

SECOND GRADE

It has been enjoyable getting back into the routine of school after Christmas Break. We have been working hard on subtracting using different strategies, reviewing time, and money. We also spent a lot of recesses inside because of the cold weather and snow. We enjoy challenging ourselves to see how high we can build our plank towers!

THIRD GRADE

Happy Birthday, Kansas! Third grade learned about the history of Kansas by reading the Kansas: Then and Now packet sent from the Secretary of State. We learned physical characteristics of Kansas. The students recreated a map of Kansas with important parts of interests.

FOURTH GRADE

Fourth graders have been working hard on their Design an Ad for the Hutch Newspaper. Each class was assigned a local business in Hutchinson to design an advertisement for. Miss Divine's class was assigned the Hutch Chamber and even had the President, Debra Teufel, come visit to share what the Hutch Chamber does. The Design an Ad's will be published in the Hutch Newspaper in March.

FIFTH GRADE

Fifth grade had the opportunity to take a trip to Cowtown Musuem to reinforce what they have been learning in social studies! Cowtown had a Glimpse of Christmas Past lesson set up to go along with the Colonial America Unit! During this time, they learned about traditional practices of Colonial America along with touring the Cowtown Museum.

SIXTH GRADE

The sixth grade has been studying about the history of Japan. The students began the unit with centers relating to Japan. They wrote haiku poems and did water color with them, made Daruma dolls and learned about their importance to the Japanese people, and learned origami by making a Samurai warrior. They also made a moving paper Koi fish, wrote their names in Japanese, and did map skills over a map of Japan. We will be finishing up this unit by reading more about the history of Japan and then head into a unit on Greece.

MUSIC

Lincoln sixth grade honor choir members join the Expressives, Harmonics, and Adams Street Singers in a beautiful arrangement of “Look at the World” by John Rutter. The older musicians were on their district-wide tour.

PE

Kindergarteners are working together to build a scooter train. It takes a lot of muscle power and team work to make the scooter train travel in the gym!

COUNSELOR

Lincoln STARRS (Students That Are Respectful, Responsible and Safe) from each grade get to eat lunch with the school counselor once a week. During our lunch together we learn more about each other, play games, and practice social skills.

ART

Students created a background using chalk rubbing technique. Then they created tints, (color mixed with white), of the three primary colors and painted the hearts with those. They were supposed to show a value gradation from the pure color to the lighter color.

COMING UP

Family Math Night:

February 6 - 5:30-7:00

No School:

February 14

February 20

February 21

Parent Teacher Conferences:

February 19 - 3:30pm-5:30pm

February 20 - 9:00am-7:00pm

Community Resource Night

March 3 - 5:30pm

Lincoln Community Meeting:

March 3 - 7:00pm

Lincoln: By the Numbers

3

Students participated in the Real Men Sing at Bethel College.

Enrollment:

5 students moved out of Lincoln, 3 students enrolled. This brings us to a total of 247 students in the month of January.

16

Students were recognized with Respect Awards.
